

Elements Compounds and Mixtures

(Drawing II)

Directions: Draw the following using circles either filled in or not. If the circles are touching it represents a bond.

1. A pure substance of triatomic compounds
2. A mixture of diatomic elements and diatomic compounds.
3. A pure substance - monatomic elements
4. A mixture of 3 different compounds.
5. A mixture of diatomic compounds and monatomic elements.
6. A mixture of two different triatomic compounds.
7. A pure substance - N_2
8. A pure substance - CO_2 .
9. A mixture of four different compounds - 2 diatomic, 2 triatomic.
